DETAILED ACTION

Claims 31-56 are pending.

Claims 44-51 and 54 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(b), claims 52-53 and 55-56, directed to the process of making or using the allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104. Claims 31-42, directed to the invention(s) of methods of treatment using compounds which are not commensurate in scope with the allowable compounds do not require all the limitations of an allowable product claim, and hence have NOT been rejoined.

Because a claimed invention previously withdrawn from consideration under 37 CFR 1.142 has been rejoined, **the restriction requirement between groups II-IV as set forth in the Office action mailed on January 16, 2009 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tommy Kim on February 2, 2010.

The application has been amended as follows:

IN THE CLAIMS:

Claims 31-43 have been cancelled.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The closest prior art is that of Okamoto et al. (EP 0 183 271, citation 10 in the IDS of 08/06). However, the compounds of Okamoto et al. do not meet all the limitations of the instant claims, i.e., in compound 13, page 9, wherein Q is aryl substituted with Ra wherein Ra is ORb, Rb = (C1)alkyl; A is H, B is H, D is naphthyl (L, X are CR6, R6 is H) R2 are both H. However in compound 13 n is 3, which is not encompassed by Formula II as in the instant claims. See also compound 23 wherein n is also 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 44-56 are allowed.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MARCELA M. CORDERO GARCIA whose telephone number is (571)272-2939. The examiner can normally be reached on M-F 8:30-5:00.
